IN THE SUPERIOR COURT OF DEKALB COUNTY
STATE OF GEORGIA

[redacted] L. [redacted],

Plaintiff,

v.

FIRST ACCEPTANCE INSURANCE COMPANY OF GEORGIA, INC. et al.

Defendant.

Civil Action File No. 25CV10635

DEFENDANT FIRST ACCEPTANCE INSURANCE COMPANY OF GEORGIA INC.'S RESPONSE TO PLAINTIFF'S FIRST CONTINUING INTERROGATORIES

COMES NOW, Defendant First Acceptance Insurance Company of Georgia, Inc. ("Defendant") by and through the undersigned counsel and hereby serves its Responses to *Plaintiff's First Continuing Interrogatories to Defendant First Acceptance Insurance Company of Georgia, Inc. et al.*, and states as follows:

PRELIMINARY STATEMENT

1. The following objections and responses are based upon information presently and personally available to Defendant which is believed to be correct. Said objections and responses are made without prejudice to Defendant's right to utilize subsequently discovered facts.

2. No incidental or implied admissions of fact by Defendant are made by the answers and responses below. The only admissions are express admissions. The fact that Defendant has answered any Interrogatory or Request herein may not properly be taken as an admission that Defendant accepts or admits the existence of any facts set forth or assumed by such Interrogatories or Requests, or that such answer or response constitutes admissible evidence. The fact that Defendant has answered part or all of any Interrogatory or Request is not intended to be, and shall

not be construed as, a waiver by Defendant of all or any part of an objection made by Defendant to any Interrogatory or Request.

3. Answers and responses to these Interrogatories or Requests may be amended or supplemented upon Defendant's further investigation and acquisition of information which Defendant does not either possess or recall at this time, strictly in accordance with O.C.G.A. § 9-11-26(e).

4. Defendant objects to the "Instructions" included in her discovery requests as purporting to alter or expand Defendant's rights and obligations under the Civil Practice Act. Defendant's objections and responses will follow and comport with the Civil Practice Act.

5. This preliminary statement is incorporated into each of the answers and responses set forth below.

ANSWER TO REQUEST FOR INTERROGATORIES

1.

Identify the settlement agreement referenced in Your Third Defense, stating (a) the date; (b) each party and signatory; (c) the consideration exchanged; (d) the claims released; and (e) every document evidencing it.

RESPONSE: Defendant objects to this Interrogatory, as it is overly broad and unduly burdensome. Defendant further objects as this interrogatory seeks information protected by the attorney-client privilege and work product doctrine. Subject to and without waiving the foregoing objection Defendant responds as follows: Funds were previously paid out of the Subject Policy for the benefit of Plaintiff, Plaintiff has accepted and retained these benefits. Plaintiff has made no tender of the benefit received.

2.

State every fact upon which You base the contention in Paragraph 61 of Your Answer that Plaintiff failed to cooperate with Your claims adjusting team.

RESPONSE: Defendant objects to this interrogatory to the extent that it seeks information prepared in anticipation of litigation, information protected by the work product doctrine, and information protected by the attorney client privilege. Subject to and without waiving the foregoing objections, Defendant's Answer by definition does not contain any "contentions" rather an Answer is a response to a "contention made in Plaintiff's Complaint.

3.

The Named Persons. Interrogatories 3 and 4 concern the following persons and accounts as a single group: Toneshia Simmons-Huff (TSimmons-Huff@acceptance.com); Nubia Griffin (ngriffn@acceptance.com); Tramaine Reeves (TReeves@acceptance.com); Yonna Boday (yboday@acceptanceinsurance.com); Christal Graves; Tusha Bass; Elena Garro; Farah Aghaei-Ardekani; C. Watson (CWatson@acceptance.com); C. Wright (chwright@acceptance.com); Jaquea Crawley (jcrawley@acceptance.com); and the account designated "Global Esignature" (esign@facins.com). These two interrogatories are directed to that group as a whole and are counted as two interrogatories.

For the persons and accounts identified above, state (a) every email address assigned by You and the dates each was active; and (b) the full name, title, and employing entity of every individual to whom each reported, and the dates of each reporting relationship, from January 1, 2020 to the present.

RESPONSE: Defendant objects to this request as unintelligible as even using the best good faith attempt to answer this request, Defendant is unable to decipher what this request is

asking. Defendant further objects to Plaintiff's Characterization that this request only constitutes two interrogatories. Defendant further objects on the basis that this request is vague and ambiguous. Defendant further objects that this request is overly broad and unduly burdensome. Defendant further objects on the basis that this request is not reasonably calculated to lead to the discovery of admissible evidence. Defendant further objects on the basis that this request expressly states that it is directed at parties other than this Defendant who are not parties to this Action. Defendant further objects on the basis that this request is not reasonably temporally limited in that it seeks information which predate the transaction that forms the basis of Plaintiff's complaint by nearly 4 years.

4.

For the persons and accounts identified above, state (a) the dates of any agent appointment issued by You and every producer code or internal identifier assigned; and (b) the date and reason for the termination or cancellation of any appointment and the reason code reported to any insurance regulator, from January 1, 2020 to the present.

RESPONSE: Defendant objects to this request as unintelligible as even using the best good faith attempt to answer this request, Defendant is unable to decipher what this request is asking. Defendant further objects to Plaintiff's Characterization that this request only constitutes two interrogatories. Defendant further objects on the basis that this request is vague and ambiguous. Defendant further objects that this request is overly broad and unduly burdensome. Defendant further objects on the basis that this request is not reasonably calculated to lead to the discovery of admissible evidence. Defendant further objects on the basis that this request expressly states that it is directed at parties other than this Defendant who are not parties to this Action. Defendant further objects on the basis that this request is

not reasonably temporally limited in that it seeks information which predate the transaction that forms the basis of Plaintiff's complaint by nearly 4 years.

5.

Identify every person who served as District Manager, District Operations Manager, or in any equivalent role with responsibility over the Milledgeville Location from January 1, 2020 to the present, and for each, identify every person to whom that manager reported, stating each person's title and employing entity.

RESPONSE: Defendant objects to this request because it is overly broad and unduly burdensome. Defendant further objects that this request is not reasonably temporally limited in that it seeks information which predates the dates alleged in Plaintiff's Complaint by more than 4 years. Defendant further objects on the basis that this request is not reasonably calculated to lead to the discovery of admissible evidence. Subject to and without waiving the foregoing objection Defendant responds as follows: During the time period alleged in Plaintiff's Complaint Defendant had no such ownership over the insurance agency described by Plaintiff.

6.

Describe the process by which policy applications and executed policy documents from the Milledgeville Location were reviewed, approved, or checked before a policy was issued, from January 1, 2020 to the present. State who performed each step, by full name and title. State who each of those persons reported to. Identify the written policy or procedure that set out that process. If no such review existed, say so plainly.

RESPONSE: Defendant objects to this request because it is overly broad and unduly burdensome on the basis that it presupposes that each and every policy application is handled in an identical manner. Defendant further objects to this request on the grounds that it is not reasonably calculated to lead to the discovery of admissible evidence as Plaintiff's complaint relates to a single isolated insurance policy application prepared and submitted from an insurance agency in Dekalb County while this request is related to an agency alleged to be located in Baldwin County (Milledgeville). Defendant further objects to this request as not reasonably calculated to lead to the discovery of admissible evidence on the basis that this request seeks information regarding the handling by Defendant of insurance applications, despite Plaintiff's Complaint not alleging any mishandling of the insurance application by this Defendant. Defendant further objects to this request as it is not reasonably temporally limited in that it seeks information which predate Plaintiff's claims by over four years.

7.

Identify every person who provisioned, granted, modified, or revoked user accounts, administrative rights, or permission profiles within the DocuSign Account and within the email domains acceptance.com, acceptanceinsurance.com, and facins.com, from January 1, 2020 to the present, stating the date of each action and the person affected.

RESPONSE: Defendant objects to this request because it is overly broad and unduly burdensome. Defendant further objects on the basis that this request is not reasonably temporally limited in that it seeks information which predates the events complained of by Plaintiff by more than 4 years. Defendant also objects to the extent this request seeks information not within Defendant's possession, custody, or control, including actions taken by third parties or entities not affiliated with Defendant. Subject to and without waiving the

foregoing objections, Defendant responds as follows, Defendant does not have custody of the referenced accounts.

8.

Identify every person responsible for monitoring, reviewing, or auditing the email accounts and DocuSign activity of persons named in Interrogatory 3, and state the title and employing entity of each.

RESPONSE: Defendant objects to this request because it is overly broad and unduly burdensome. Defendant objects to this request as not reasonably calculated to lead to the discovery of admissible evidence by virtue of the only Docusign account even complained of by Plaintiff is that of Huff. Subject to and without waiving the foregoing objections Defendant responds as follows: Defendant does not have custody or control of Huff's Docusign account.

9.

State the full legal name of the entity that contracted with DocuSign, Inc. for the DocuSign Account, the date of execution, the entity billed, and identify the person or persons who controlled the administrative account associated with esign@facins.com.

RESPONSE: Defendant objects to this request as not reasonably calculated to lead to the discovery of admissible evidence in that who signed up for a Docusign account has absolutely no bearing or relation on the underlying claims of Plaintiff. Subject to and without waiving the foregoing objection Defendant responds as follows: Defendant does not have custody or control of Huff's Docusign account.

10.

Identify by name, title, and employing entity every person who transferred, reassigned, or moved DocuSign envelopes within the DocuSign Account from January 1, 2020 to the present, and state the date, volume, and authorizing person for each transfer.

RESPONSE: Defendant objects to this request as not reasonably calculated to lead to the discovery of admissible evidence in that who signed up for a Docusign account has absolutely no bearing or relation on the underlying claims of Plaintiff. Defendant further objects to this request on the basis that it is not reasonably temporally limited in that it seeks information predating the events complained of by Plaintiff by more than 4 years. Subject to and without waiving the foregoing objection Defendant responds as follows: Defendant does not have custody or control of Huff's Docusign account.

11.

For each transfer identified above, state the business purpose, what prompted it, and every communication concerning it.

RESPONSE: See response to Interrogatory 10 which Plaintiff incorporates herein by reference.

12.

For each transfer identified above, state where the transferred envelopes reside now, under what account, user, or ownership designation they are currently held, and describe every change to the envelopes' ownership fields, status, visibility, or metadata resulting from the transfer.

RESPONSE: See response to Interrogatory 10 which Plaintiff incorporates herein by reference.

13.

Identify every system, platform, application, and service used by the Milledgeville Location and by each person named in Interrogatory 3 in the course of their daily work from January 1, 2020 to the present, including office productivity suites, messaging and collaboration platforms, email, telephony, policy administration, agency management, customer relationship management, ticketing, document management, human resources, payroll, and electronic signature, and for each state the vendor, the legal entity that contracted for it, and the legal entity that paid for it.

RESPONSE: Defendant objects to this request because it is overly broad and unduly burdensome in that it seeks identification of "every system, platform, application, and service" used by the Milledgeville Location and each person named in Interrogatory 3 "in the course of their daily work" without reasonable limitation as to subject matter or relevance to the claims or defenses in this action. Defendant further objects because the request is not limited to systems or platforms relevant to the claims or defenses at issue and seeks information not reasonably calculated to lead to the discovery of admissible evidence in that it seeks information regarding individuals that have no relation whatsoever to the allegations of Plaintiff's Complaint. Defendant further objects on the basis that this request is not reasonably limited in temporal scope in that it seeks information that predates the allegations of Plaintiff's Complaint by more than 4 years. Subject to and without waving the foregoing objections Defendant responds as follows: Defendant has no control or knowledge of the ongoings of the "Milledgeville Location." Defendant has no control or personal knowledge of the accounts of Huff.

State the business reasons for the decision to sell the retail agency operations, identify every person who participated in that decision, and describe the effect of the sale upon the employment, appointment, supervision, compensation, and system access of agents who had previously sold Your policies.

RESPONSE: Defendant objects to this request as not reasonably calculated to lead to the discovery of admissible evidence. Defendant further objects to this request to the extent it seeks information protected by the attorney client privilege and work product doctrine. Defendant further objects to this request to the extent it seeks confidential information of Defendant that has no relation to the underlying claims of Plaintiff.

15.

State whether, after December 1, 2023, You continued to underwrite, issue, service, bill, or handle claims on policies sold through the Milledgeville Location, and describe each continuing function.

RESPONSE: Defendant objects to this request because it is overly broad and unduly burdensome and not reasonably calculated to lead to the discovery of admissible evidence on the basis that Plaintiff's complaint alleges mishandling of a singular insurance application prepared at a singular location in Dekalb County, as such Plaintiff's claims have no relation to Milledgeville or Baldwin County.

16.

State the reason for the termination or cancellation of the agent appointment of Toneshia Simmons-Huff, identify every person who participated in that decision, state the date of the decision, and identify every document reviewed in connection with it.

RESPONSE: Defendant objects to this request as not reasonably calculated to lead to the discovery of admissible evidence as it seeks information about events alleged to have occurred subsequent to the events complained of in Plaintiff's Complaint. Subject to and without waiving the foregoing objections Defendant responds as follows: at no relevant time was Huff employed by Defendant.

17.

State whether You or any entity named in Definition A was aware, prior to that cancellation, of any complaint, investigation, or allegation concerning her signing practices, and if so, identify each person who was aware and when each became aware.

RESPONSE: Defendant objects to this interrogatory to the extent it seeks to compel Defendant to make representations on behalf of other defendants to this matter – Defendant has no personal knowledge as to the knowledge of other Defendants. Defendant objects to this request as ambiguous as it is unclear whom "her" refers to. Subject to and without waving the foregoing objection Defendant in a good faith attempt to respond to this Interrogatory responds as follows: At no relevant time was Huff employed by Defendant as such Defendant has no personal knowledge or oversight of Huff.

18.

Identify every standard, scheduled, automated, or system-generated report — including any report generated by DocuSign, and any report generated by any other enterprise system used by You, whether produced automatically or on request — used to monitor, flag, or alert as to agent compliance, potential fraud, irregular signing activity, electronic signature anomalies, envelope completion times, duplicate IP addresses, policy issuance, or application accuracy, from January 1, 2020 to the present. For each, state its name, the system that generated it, its frequency, the data

fields and thresholds it applied, the person or role to whom it was distributed, and the department or individual responsible for acting upon it.

RESPONSE: Defendant objects to this Interrogatory on the grounds that it is overbroad, unduly burdensome, and not reasonably calculated to lead to the discovery of admissible evidence in that it seeks information beyond that relating to the singular insurance policy complained of by Plaintiff. Defendant further objects to this request on the basis that it is not reasonably temporally limited in that it seeks information which predate the complained of events by more than 4 years.

19.

Identify every document, record, report, or communication that You or any entity named in Definition A submitted to the Georgia Office of Commissioner of Insurance and Safety Fire concerning any person named in Interrogatory 3, the Milledgeville Location, the Policy, or electronic signature practices, from January 1, 2020 to the present, stating the date of each submission and the person who prepared it.

RESPONSE: Defendant objects to this request as not reasonably calculated to lead to the discovery of admissible evidence in that (i) any communication Defendant may have with the Georgia office of insurance commissioner has absolutely no bearing on Plaintiff's Claims; (ii) This request seeks information far beyond that related to the singular insurance application complained of by Plaintiff; (iii) the "Milledgeville Location" is neither owned or operated by Defendant and has absolutely no relation to Plaintiff's claims which relate to an insurance application prepared at a Dekalb location. Defendant further objects to this request as not reasonably temporally limited in that it seeks communications which predate the events complained of by Plaintiff by more than 4 years.

20.

Identify each document You intend to introduce at trial in this matter, stating for each the date of the document, its author, what it purports to be, and its relevance to the claims or defenses in this matter.

RESPONSE: Discovery in this matter is still in its infancy and Defendant has not yet fixed its trial strategy or even determined which if any document it intends to produce at trial. Defendant reserves the right to rely on any and all documents exchanged in the course of discovery as exhibits at trial.

Respectfully submitted this the 19th day of October, 2026.
